	A00-10-028	The Utility Reform Network, for Modification of Resolution E-3527.

**Summary: LATE FILED. AUGMENTATION REQUIRED.** On December 13, 2000, Les Guliasi, Director, Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with Lynne McGee, advisor to Cmmr. Duque. Also present were: Laura Krannawitter and Tim Sullivan, advisors to Cmmr. Duque, and Chris McManus, Director, Revenue Requirements, PG&E. A copy of the Resolution E-3527 (attached to the notice), was used. Guliasi stated that a decision adopting the accounting changes proposed by the Utility Reform Network (TURN) would be harmful to PG&E's financial well being. Guliasi stated that the Commission should consider TURN's proposal in the context of the Rate Stabilization Plan proposed by PG&E, and should do so expeditiously in early January 2001. McManus stated that TURN's proposal runs contrary to the Commission's own rules for the accounting treatment of entries to the Transition Revenue Account and the Transition Cost Balancing Account as expressed in Resolution E-3527.

**Summary:** On December 13, 2000, Thomas Thompson, Supervisor of the Office of Ratepayer Advocates ("ORA"), met with Laura Krannawitter, advisor to Cmmr. Duque, Trina Horner, advisor to Cmmr. Lynch, and Julie Halligan, advisor to Cmmr. Bilas, in three separate meetings in San Francisco. Jason Zeller, Counsel for ORA, Marcel Hawiger, Counsel for The Utility Reform Network, Kathleen Cordova of Sempra Energy Regulatory Affairs, and Steve Watson, the Capacity Planning Manager for Southern California Gas Company, also participated in all three meetings. Written materials (attached to the notice) were used. During the meetings, the participants urged the Commission to approve the Settlement Agreement quickly, and outlined the benefits of the Settlement Agreement. The participants emphasized that all of the parties involved support the Settlement Agreement. The participants also stated that approving the Settlement Agreement should simplify the Commission's California Environmental Quality Act ("CEQA") review process for the facility, and that ALJ Vieth's concern about the CEQA process will be largely met if the Settlement Agreement is approved by the Commission.

12/20/00	R00-02-005	Order Instituting Rulemaking on the Commission's own motion into reciprocal compensation for telephone traffic transmitted to internet services providers modems.
----------	------------	---

**Summary:** On December 15, 2000, Richard Severy, Director of Public Policy, WorldCom, Inc. ("WorldCom"), met with Jonathan Lakritz, advisor to Cmmr. Wood, in San Francisco. Written material (attached to the notice) was used. The written material is a presentation WorldCom provided to the Federal Communications Commission on 12/1/2000. Severy stated that competitive local exchange carriers were entitled to recover the costs associated with terminating traffic to internet service providers ("ISPs"), that ISPs utilize the local network in the same way as other business end users, and that eliminating reciprocal compensation would improperly single out ISP traffic for differential treatment. Severy also stated that WorldCom supports ALJ's Proposed Decision for these reasons. Severy commented that if the Commission were to reduce the current level of reciprocal compensation payment, it should also reduce the price that incumbent LECs charge for the switching unbundled network element.
